Introduction

The SBI provides assistance to agencies in hate crime reporting by providing forms, reporting assistance and statistical analysis. From 1992 through 1994, the SBI received a limited number of hate crime reports. In 1995, fifty-nine agencies reported 52 hate crime incidents to the SBI; in 1996, eighty-three agencies reported 34 hate crime incidents; in 1997, twenty-two agencies reported 42 hate crime incidents; and in 1998 seventeen agencies reported 40 hate crime incidents; and in 1999, fifteen agencies reported 31 hate crime incidents. For the year 2000, fifteen agencies reported a total of 39 hate crime incidents. In 2001, forty-one agencies reported 85 hate crime incidents and in 2002, twenty-nine agencies reported 62 hate crime incidents. In 2003, twenty-two agencies reported a total of 77 hate crime incidents.

Methodology

This section contains tables that address the volume and types of bias-motivated criminal incidents reported to the SBI during 2003. Criminal incidents can involve more than one offense, victim, or offender. For counting purposes, one offense is counted for each victim of a "crime against person." One offense is counted for each distinct operation of "crime against property," regardless of the number of victims. The total number of victims in a given incident is the sum of victims associated with each offense that took place within the incident.
