

Hate Crime Reporting

Introduction

For the year 2004, Thirty-five agencies reported a total of 66 hate crime incidents. In 2003, twenty-two agencies reported a total of 77 hate crime incidents.

Methodology

This section contains tables that address the volume and types of bias-motivated criminal incidents reported to the SBI during 2004. Criminal incidents can involve more than one offense, victim, or offender. For counting purposes, one offense is counted for each victim of a "crime against person." One offense is counted for each distinct operation of "crime against property," regardless of the number of victims. The total number of victims in a given incident is the sum of victims associated with each offense that took place within the incident.

Agencies Reporting Hate Crime by Bias Motivation - 2004
